Organisational / managerial skills

Scientific Coordination and management of several research projects (funded under International, European Union and National research schemes)

Year: 2016 – to date

Location: United Kingdom

Client: University of Cambridge

Position: Fellow and Legal Expert in Environmental Law

Description: Fellow, C-EENRG Research Centre (Cambridge Centre for Environment, Energy and Natural Resource Governance), Department of Land Economy – Legal expert in several research projects and research initiatives on International Environmental Law, European Union Environmental Law and Comparative Environmental Law.

Year: 2006 – to date

Location: Italy

Client: Venice International University

Position: Fellow and Legal Expert in Environmental Law

Description: Fellow and Legal Expert in Environmental Law, Venice International University (Venice, Italy) (2015-to date). Formerly (2009-2012), Member of the Managing Board, Research Centre TEN (Transnational Environmental Networks). In all the relevant period (2006-2012), I have been working as a legal expert in several research, consultancy and capacity building projects in International Environmental Law, European Union Environmental Law and Comparative Environmental Law. The relevant activities has been performed both in Italy and in several other countries, including China and many European countries.

Year: 2004-2014

Location: Italy

Client: Italian Ministry for the Environment, Land and Sea

Position: Legal Counsel and Director of Research & Consultancy Team on Environmental Law

Description: Director of a Research and Consultancy Team on Environmental Law on international and bilateral cooperation projects, in particular in environmental law, climate change and sustainable development law. Under my direction, the team has worked on several research and consultancy activities, most notably in the following countries (China and Balkan countries, including in particular Serbia, Montenegro, Macedonia, Albania).

Year: 2013 – 2014

Location: Italy, Tunisia, Egypt

Client: CUEIM (Consorzio Universitario di Economia Industriale e Manageriale) (Italy)

Position: Legal Expert in Environmental Law

Description: Legal Expert in Environmental Law in European Union funded project IMPROWARE - IMPROWARE was a demonstration project promoting innovation and best practices on water protection in Mediterranean coastal areas through re-injection of treated water, which was part of the Sustainable Water Integrated Management Programme (SWIM), a Regional Technical Assistance Programme launched by the European Union to contribute to the extensive dissemination and effective implementation of sustainable water management policies and practices in the Southern Mediterranean Region.

Year: 2012 – 2016

Location: Italy, United Kingdom and other European countries

Client: University of Siena, in cooperation with University of Leeds (United Kingdom)

Position: Legal Expert in Environmental Law and climate change law

Description: Legal Expert in Environmental Law and climate change law in European Union funded project FESSUD - FESSUD is a research project on “Financialisation, economy, society and sustainable development”, which aimed at developing a comprehensive policy agenda for changing the role of the financial system to help achieve a future which is sustainable in environmental, social and economic terms. The partners of the project were located in Italy, United Kingdom and several other European countries and the research activities took place in several European countries.

Year: 2012 – 2015

Location: Italy, United States, United Kingdom and other European countries

Client: University of Siena, in cooperation with IAI (Istituto Affari Internazionali) (Italy)

Position: Legal Expert in Environmental Law and climate change law

Description: Legal Expert in Environmental Law and climate change law in European Union funded project TRANSWORLD - TRANSWORLD was a research project on “Redefining the transatlantic relationship and its role in shaping global governance”. TRANSWORLD aimed at providing high level research on the evolution of the EU-US transatlantic relationship and its role in shaping global governance architectures.

Year: 2012

Location: Mauritius

Client: Ministry of Environment and Sustainable Development of Mauritius

Position: Legal Expert in Environmental Law

Description: Legal Expert in Environmental Law in the framework of a project on the “Development of an Inundation, Flooding and Landslide National Risk Profile, Maps, Strategy Framework and Action Plans for Disaster Risk Management for the Republic of Mauritius”. The legal services provided included in particular the analysis of the international, comparative and national legal issues involved in the drafting of Action Plans for Disaster Risk Management for the Republic of Mauritius.

Year: 2011 – 2012

Location: South-Eastern Europe

Client: UNEP, through Venice International University

Position: Scientific Director and Legal Expert in Environmental Law

Description: Scientific Director and Legal Expert in Environmental Law in UNEP sponsored research project on “Adaptation to the Impacts of Climate Change for Reducing Security Risks in SEE” (focus on assessing and proposing recommendations for improving legislation of South-Eastern European in order to increase adaptation to the impacts of climate change and the related risks for security)

Year: 2009 – 2010

Location: South-Eastern Europe

Client: NATO, through Venice International University

Position: Scientific Co-Director and Legal Expert in Environmental Law

Description: Scientific Co-Director and Legal Expert in Environmental Law in NATO sponsored research project on “International Agreements Implementation for Environmental Security in South-Eastern Europe” (focus on assessing and proposing recommendations fro improving legislation of South-Eastern European countries to address Environmental Security issues)
