Sex female | Date of birth 13/05/1975 | Nationality Italian

WORK EXPERIENCE

- | | |
|--------------|---|
| 2024-to date | Head of Department of Diagnostic Imaging and Interventional Radiology, Siena University Hospital, Italy. |
| 2022-to date | Head of Diagnostic Imaging Unit, Siena University Hospital, Siena, Italy. |
| 2022-to date | Director of the School of Residency in Radiology, University of Siena, Siena, Italy.
Responsibility for the organisation schedule of 54 residents in Radiology. |
| 2021-to date | Full Professor of Radiology, University of Siena, Siena, Italy.
Consultant Radiologist, Unit of Diagnostic Imaging, Siena University Hospital (AOUS).
Responsibility: daily activity and responsibility for diagnostic imaging (CT and MRI body imaging, Perfusion CT and MRI, Dual Energy CT, Oncologic Imaging, Diagnostic Imaging in Rheumatology, Abdominal Imaging, Thoracic imaging) and teaching activity, including responsibility for the organisation schedule of residents in Radiology. |
| 2016- 2022 | Head of Interdepartmental Program referenced as “Coordination of diagnostic imaging activities in oncologic field”.
Consultant Radiologist, Unit of Diagnostic Imaging, Siena University Hospital (AOUS).
Responsibility: daily activity and responsibility for diagnostic imaging (CT and MRI body imaging, Perfusion CT and MRI, Dual Energy CT, Oncologic Imaging, Thoracic Imaging, Diagnostic Imaging in Rheumatology, Abdominal Imaging) and teaching activity, including responsibility for the organisation schedule of residents in Radiology and 6 residents in Radiotherapy. |
| 2016- 2022 | Associate Professor of Radiology, University of Siena, Siena, Italy.
Consultant Radiologist, Unit of Diagnostic Imaging, Siena University Hospital (AOUS).
Responsibility: Daily activity and responsibility for diagnostic imaging (CT and MRI body imaging, Perfusion CT and MRI, Dual Energy CT, Oncologic Imaging, Diagnostic Imaging in Rheumatology, Abdominal Imaging, Thoracic imaging) and teaching activity, including responsibility for the organisation schedule of residents in Radiology. |
| 2008 – 2016 | Assistant Professor of Radiology, University of Siena, Siena, Italy.
Consultant Radiologist, Unit of Diagnostic Imaging, Siena University Hospital (AOUS).
Responsibility: daily activity and responsibility for diagnostic imaging (CT and MRI body imaging, Perfusion CT and MRI, Dual Energy CT, Oncologic Imaging, Diagnostic Imaging in Rheumatology, Abdominal Imaging, Thoracic imaging) and teaching activity, including responsibility for the organisation schedule of residents in Radiology. |

2004 – 2008 Consultant Radiologist, Unit of Diagnostic Imaging, Siena University Hospital (AOUS).
Responsibility: daily activity of diagnostic imaging (CT and MRI body imaging, Perfusion CT and MRI, Oncologic Imaging, Abdominal Imaging, Thoracic imaging).

EDUCATION AND TRAINING

1999 – 2003 Specialization in Radiology (Magna cum laude), University of Siena, Siena, Italy.

1993 - 1999 Degree in Medicine and Surgery (Magna cum laude), University of Siena, Siena, Italy.

PERSONAL SKILLS

Subjects covered/skill acquired:

In my role as Full Professor, I have developed excellent communication skills and confidence with conference activity (scientific presentation and lectures), both national and international.

Subject covered:

- Advanced diagnostic Imaging (Dual Energy CT, Perfusion CT)
- Oncologic Imaging
- Chest and Abdominal Imaging
- Emergency Radiology
- Imaging in Rheumatology

Mother tongue(s) Italian

Other language(s) English: Spoken with fluency, B2*

* Common European Framework of Reference for Languages

Digital skills Excellent command of Microsoft Office™ tools; Excellent command of PowerPoint tools; Very good command of Excel tools.

BIBLIOGRAPHIC INDEX

Scopus: Citations: **6,195** Documents (Publications): **247** h-index: **36**

<https://www.scopus.com/authid/detail.uri?authorId=7005383627>

Scopus ID: 7005383627; ORCID: <https://orcid.org/0000-0001-6778-6894>

PUBLICATIONS

Journal articles published on PubMed: 247

CONFERENCE ACTIVITIES

Speaker, Discussant and Moderator at numerous conferences, both national (>280) and international, the latter under-reported:

1. AIDA International Seminars 2024. Lecture: The role of MRI in diagnosis Axial Spondyloarthritis. Webinar, Nov 7, 2024.
2. ERASMUS COURSE on MRI, Abdominal and Urogenital MRI, 2024. Lecture: Intestinal Ischemia. Palermo, Italy, October 31-Novembre 03, 2024
3. ERASMUS COURSE on MRI, Abdominal and Urogenital MRI, 2024. Interactive case based discussion. Palermo, Italy, October 31-Novembre 03, 2024
4. ESGAR, European Society of Gastrointestinal Radiology 2024. Gastric cancer-role of imaging in gastric cancer management: Case-based discussion- how to navigate through the MDT. Gothenburg, Sweden, May 28-31, 2024
5. ECR, European Congress of Radiology 2024, Session: RC 1617 – Non-trauma acute abdomen: don't miss the diagnosis. Lecture: Ischemia: diagnostic approach. Wien, Austria, March 1, 2024.
6. ECR, European Congress of Radiology 2024, Session: RPS 1317- Hot topics in emergency radiology. Moderator: Maria Antonietta Mazzei. Wien, Austria, March 1, 2024.
7. IASGO, 34th World Congress of the International Association of Surgeons, Gastroenterologists and Oncologists 2023. Session: Management of Upper GI Cancer. Lecture: Radiomics in Gastric Cancer: our new eyes. Verona, Italy, September 9-12, 2023.
8. ESOI, European Society of Oncologic Imaging 2023. Session Title: ESOI meets Italian Chapter of Oncologic Imaging (SIRM). Lecture: Peritoneal carcinomatosis: Imaging challenges. Pisa, Italy, September 8, 2023.
9. European Chapter IGCA 2023. Session: Innovation in Gastric Cancer. Lecture: new about imaging techniques. Geneva, Switzerland, October 6, 2023.
10. European Chapter IGCA 2023. Session: Treatment recommendation. Lecture: Clinical staging: Indication and Clinical questions. Geneva, Switzerland, October 7, 2023.
11. ESGAR, European Society of Gastrointestinal Radiology 2023. Abdominal Trauma: Case-based discussion. Valencia, Spain, June 13-16, 2023.
12. AIDA International Seminars 2023. Lecture: The role of Imaging in diagnosis Axial Spondyloarthritis. Webinar, May 17, 2023.
13. Stage IV gastric cancer: INTERNATIONAL WORKSHOP, 2022, How to Stage: Questionnaire Results. Lecture: Report of literature data, knowledge gap, ongoing clinical trials (if available), proposal of a dedicated clinical trial. Bertinoro, Italy, November 10, 2022.
14. Personalized Medicine in Locally Advanced Resectable Gastric Cancer: where we are, where we are going 2022. Lecture: Radiomics, Texture analysis, D-max regression: what is the best? IRST IRCCS "DINO AMADORI" Meldola (FC) Italy, September 13, 2022.
15. ESGAR, European Society of Gastrointestinal Radiology 2022. Lecture: Imaging Chronic Mesenteric ischemia: the new UEG guideline. Lisbon, Portugal, May 31- June 3, 2022.
16. ESOI, European Society of Oncologic Imaging 2020. Lecture: Imaging in gastric cancer before and after neoadjuvant therapy. Webinar, November 23, 2020.
17. Israel Radiological Association Annual Meeting (ISRA) 2019. Lecture: Spectral Imaging in Oncology. Eilat, Israel, October 23-25, 2019.
18. 2 ND Italian-French Update Imaging (IFUPI). Lecture: Spectral analysis in Oncology. Rome, IT, May 6-7, 2019.
19. 2° Symposium annuel, Lympho Suisse Association. Lecture: A la découverte des lymphatiques: place de l'IRM. Lausanne, Switzerland, September 27, 2018.
20. The New Frontiers in Gastric Cancer Diagnosis and Treatment 2018. Lecture: Issues In Radiological Re-Staging After Neoadjuvant Treatment (NAT). Forlì, September 13-14, 2018.

21. ECR, European Congress of Radiology 2018. Lecture: CT-patterns in chest radiology: back to basics and beyond. Wien, February 28- March 4, 2018.
22. ECR, European Congress of Radiology 2018. Lecture: Non-Occlusive Mesenteric Ischaemia (NOMI): CT diagnosis and signs of reperfusion. Wien, February 28-March 4, 2018.
23. ESER, European Congress of Emergency Radiology, Annual Scientific Meeting 2016. Lecture: Acute Abdomen in oncologic patients. Naples, IT, July 4-5, 2016.
24. ESOI, European Society of Oncologic Imaging Meeting 2015. Lecture: New technologies for functional and metabolic imaging, Dual Energy CT. Turin, September 11-12, 2015.
25. ECR, European Congress of Radiology 2015: MM10: Friday, March 6/10:30-12:00; MDCT in Emergencies (1). Speaker and tutor of the Case review. Wien, March 6, 2015.
26. ECR, European Congress of Radiology 2015: MM15: Saturday, March 7/14:00-15:30; MDCT in Emergencies (2). Speaker and tutor of the Case review. Wien, March 7, 2015.
27. 10 th International Gastric Cancer Congress (IGCC) 2013. Lecture: D-max and the head to tail of lymph nodal staging. Verona, June 19-22, 2013.
28. Eumeet, EUropean Melanoma Experience Exchange: focus on Therapy. Lecture: The role of CT scan in the metastatic disease: discussion of cases. Siena, September 20-21, 2012.
29. ESGAR, European Society of Gastrointestinal Radiology 2011: Joint Session: SIRM and ESGAR: Advances and challenges in Abdominal Emergencies. Lecture: Acute Arterial, Venous, and Non-Occlusive Mesenteric Ischemia: CT findings. Venice, May 21-24, 2011.
30. II Edition Emergency Radiology Today 2010. Lecture: Splenic trauma, what's new. Repubblica di San Marino, September 22-23, 2010.
31. International Trauma Radiology Conference 2009. Non traumatic Abdomen. Lecture: Intestinal Ischemia. Castel Volturno, May 26, 2009.

Siena, 17/02/2025

Maria Antonietta Mazzei
