Academic Career

- 2019- Professor, Dipartimento di Economia Politica e Statistica, Università di Siena
- 2016- Fellow, Bocconi Institute for Data Science and Analytics (BIDSA), Università Bocconi
- 2016-2019 Associate Professor, Department of Decision Sciences, Università Bocconi
- 2016-2019 Fellow of Innocenzo Gasparini Institute for Economic Research (IGIER), Università Bocconi
- 2008-2016 Ricercatore, Dipartimento di Economia Politica e Statistica, Università di Siena
- 2008-2009 Max Weber Fellowship in Economics, European University Institute (EUI), Florence
- 2007-2008 Post-Doc at the Condensed Matter and Statistical Physics section at ICTP, Trieste, Italy

Visiting

- 2023 Visiting professor in “Experimental and Behavioral Economics”, at Scuola IMT Alti Studi Lucca, Italy
- 2018 Honorary Appointment at the Business School, University of Technology, Sydney, Australia
- 2014 program “Systemic Risk: Mathematical Modelling and Interdisciplinary Approaches”, Isaac Newton Institute for Mathematical Sciences, Cambridge, UK
- 2013 Department of Economics, Stanford University, USA
- 2012 Fernand Braudel Fellowship, Department of Economics, European University Institute (EUI), Florence, Italy
- 2004-2005 visiting student, Centre for Computational Finance and Economic Agents (CCFEA), University of Essex, UK

Education

- 2007 PhD in Economics, Università Ca' Foscari di Venezia
- 2003 Diploma Master in “Modelling and Simulation of Complex Realities” at Abdus Salam International Centre for Theoretical Physics (ICTP), Trieste, Italy
- 2002 4 years degree in Mathematics, Università di Siena, Italy

Research

I mostly work on the economics of social networks, with game theory models, experiments, and the analysis of complex networks.

- My [Scholar Google profile](#) (on December 6th, 2024) counts 3188 citations and an h-index of 20 (restricting on citations from 2019 on, they are 1572 citations, with an h-index of 17).
- [Scopus](#) (on December 6th, 2024) counts 1309 citations and an h-index of 15.
- The web site <http://ideas.repec.org/> analyses academic performances based only on publications in economics journals, my rank (on December 2024) is: 201 out of 3755 (top 6%) for Italy, 1491 out of 24586 (top 7%) for the European Union, 6275 out of 69871 (top 9%) for the whole world.
- My [Erdős number is 3](#).

56) Public Goods in Networks: A Statistical Mechanics Approach (2013), with Luca Dall'Asta and Abolfazl Ramezanpour , Chapter 5 in "Game Theory and Applications – Volume 16", editors L. Petrosjan and V. Mazalov, NOVA Publisher, 59-80;

57) Simulations on Correlated Behavior and Social Learning (2010), with Andrea Blasco, in "Progress in Artificial Economics", editors M. LiCalzi, L. Milone and P. Pellizzari, Springer, 89-100;

58) The grass is always greener on the other side of the fence - The effect of misperceived signalling in a network formation process (2007), with Simone Giansante, Alan Kirman and Sheri Markose, in "Artificial Market Modeling", ed. Andrea Consiglio, Springer, 221-233;

59) A Model of Myerson-Nash equilibria in networks (2006), in "Artificial Economics", editors P. Mathieu, B. Beaufils and O. Brandouy, Springer, 175-188;

Books

60) in 2009 Editor VDM Verlag published a book from my 2007 PhD Thesis: "Four multi-agents economic models - From evolutionary competition to social interaction" (ISBN 3639186540).

Prizes:

2013 Italian Scientific Qualification as Full Professor in Sectors 13/A1 (Economia Politica), 13/A2 (Politica Economica) and 13/D4 (Metodi Matematici dell'Economia e delle Scienze Attuariali e Finanziarie);

2009 Vinci prize, of the Parthenope University of Naples, for papers extracted from the PhD thesis, for the paper "Eight Degrees of Separation".

Editorial activities

2022- Editor for Economics of Network Science;

2021- member of the Editorial Board of the European Economic Review;

2021- member of the Editorial Board of the International Journal of Economic Theory;

2018- Academic Editor of PLOS ONE;

2013- member of the Editorial Board of Journal of Economic Behavior and Organization;

2013- member of the Editorial Board of Journal of Behavioral and Experimental Economics;

2019- member of the Editorial Advisory Board of Heliyon;

2018-2019 member of the Editorial Board of Heliyon;

2023-2024 guest editor for Mathematics, with Alessio Muscillo, for a special issue on " Game Theory and Social Networks in Mathematics and Economics";

2020-2022 guest editor for Dynamic Games and Applications, with Ennio Bilancini, Leonardo Boncinelli and Simon Weidenholzer, for a special issue on "Dynamic Games in Social Networks";

2020-2021 guest editor for Games, with Yongli Li, for a special issue on "Game Theory in Social Networks";

2019-2020 guest editor for Entropy, special issue on "Social Networks and Information Diffusion II";

2018-2019 guest editor for Information, special issue on "Information Diffusion/Spreading in Social Networks";

2017 guest editor for Games, special issue on "Combinatorial Optimization and Games";

2013 guest editor for Entropy, special issue on "Social Networks and Information Diffusion".
