

Prof. Cinzia Signorini, Ph.D.

Academic position:
Associate Professor of Clinical Pathology
Department of Molecular and Developmental Medicine
University of Siena

1990 Degree in Biological Sciences, University of Siena, Italy.

1995: Ph.D. in Cellular and Molecular Pathology.

1996-2002: Graduate technician (Institute of General Pathology, University of Siena).

2002-2021: Academic Researcher, University of Siena.

2006-2021: Assistant Professor

2008 – 2010: Teacher of Ph.D. School in Biology and Cellular Physiopathology, University of Siena.

2011-2023: Academic Editor for “Oxidative Medicine and Cellular Longevity” Journal.

2018: National Scientific Qualification for the role of Associate Professor of “Technology and methodology in medicine and nursing sciences”, by the Italian Ministry.

2020: Topic Editor of “International Journal of Molecular Sciences”

2020-2021: Member of the “Society for Redox Biology and Medicine”

2020: National Scientific Qualification for the role of Associate Professor of “Experimental medicine and pathophysiology and Clinical pathology”, by the Italian Ministry.

2021: Teacher of Ph.D. School in in Molecular Medicine, University of Siena

2021: Associate Professor of Clinical Pathology

Decades of experience on oxidative stress and isoprostanes in pathogenetic mechanisms.

Author and co-author of several papers concerning human pathological conditions and experimental models of diseases.

Special Issue Guest Editor: Oxidative Stress and Its Implication in the Biological Mechanisms of Disease (Life ISSN 2075-1729); Updates on Mechanisms and Markers of Oxidative Stress in Neurological Diseases International Journal of Molecular Sciences (ISSN 1422-0067); Fatty Acid Oxidation in Diseases (International Journal of Molecular Sciences (ISSN 1422-0067)
